COMPANY PROFILE

BHAKTI BRASS

Founded in Jamnagar in 2012, Bhakti Brass is still to this day an independent family company. With over 52 employees working here at our present headquarters in Dared - Jamnagar, Bhakti Brass come a long way in the Manufacturing and Export of Brass Precision Machined, Turned & Forged Components as Per Drawing & Sample Specifications. Industrial Fasteners, Moulding Inserts, Refrigerator Parts & HVAC Fittings, Automotive Parts, Brass Fitting Parts and Gas Fitting Parts. Today we stand as one of the most trusted and reputed brand name among all the customers.

Our Aim is to build long-term relationships with our customers resulting in solid and continuous growth with win-win situation. We have long time experience in manufacturing metal components and this experience has become an excellent tool in satisfying our customers. We also have the capability to do our tooling in-house. So if a customer needs a custom shape we do the tooling ourselves, thus we will offer a timely delivery along with no additional tooling costs and we provide personal service and quick response times to all inquiries.

Our Focus is to manufacture world class products, aiming to zero defects, and on time delivery backed by our prompt service at all times.

INFRASTRUCTURE

Owing to our wide and sprawling manufacturing and supplying process, we have developed a state of the art and sophisticated infrastructure facility. This facility has immensely helped us in carrying out our production and supply to and for the customers in a smooth mechanism. We have divided the whole of this infrastructure in to various units where a different process is carried out by expert professionals. Spread over a large area, the infrastructure is manned with experienced personnel only after being provided with advanced training. We have equipped the whole of the infrastructure with automatic and semi-automatic machines.

QUALITY ASSURANCE

Quality and durability are the hallmark of our products. We have adopted a stringent quality control system of international standards that is in-built in our production process. Our quality is the strong attraction for our buyers and our products command good consumer acceptance. Our team of quality control experts ensure that quality is maintained at each level of manufacturing process, from the procurement of the raw materials to the dispatch of the finished products.

All the products are also subjected to various tests in our technologically advanced laboratory to monitor and enhance their durability. Superior measurement accuracy and repeatability for tight tolerance application. Being an ISO-9001 : 2016 certified company we have implemented Total Quality Management System.

We provide quality reports like material testing report, dimensional report, plating reports and PPAP reports etc.

GLOBAL EXPORTS

We are exports our precision products all around the world like UK, USA, European Union, North America etc.

PRODUCT RANGE

Brass Fitting parts

PRODUCT RANGE

BHAKTI BRASS
