COMPANY PROFILE

Bhakti Brass is one of the most reputed & trusted name in Precision Brass Components Manufacturer and supplier over the past decade. We are providing services to the very best reputed organizations in Domestic as well as international Market.

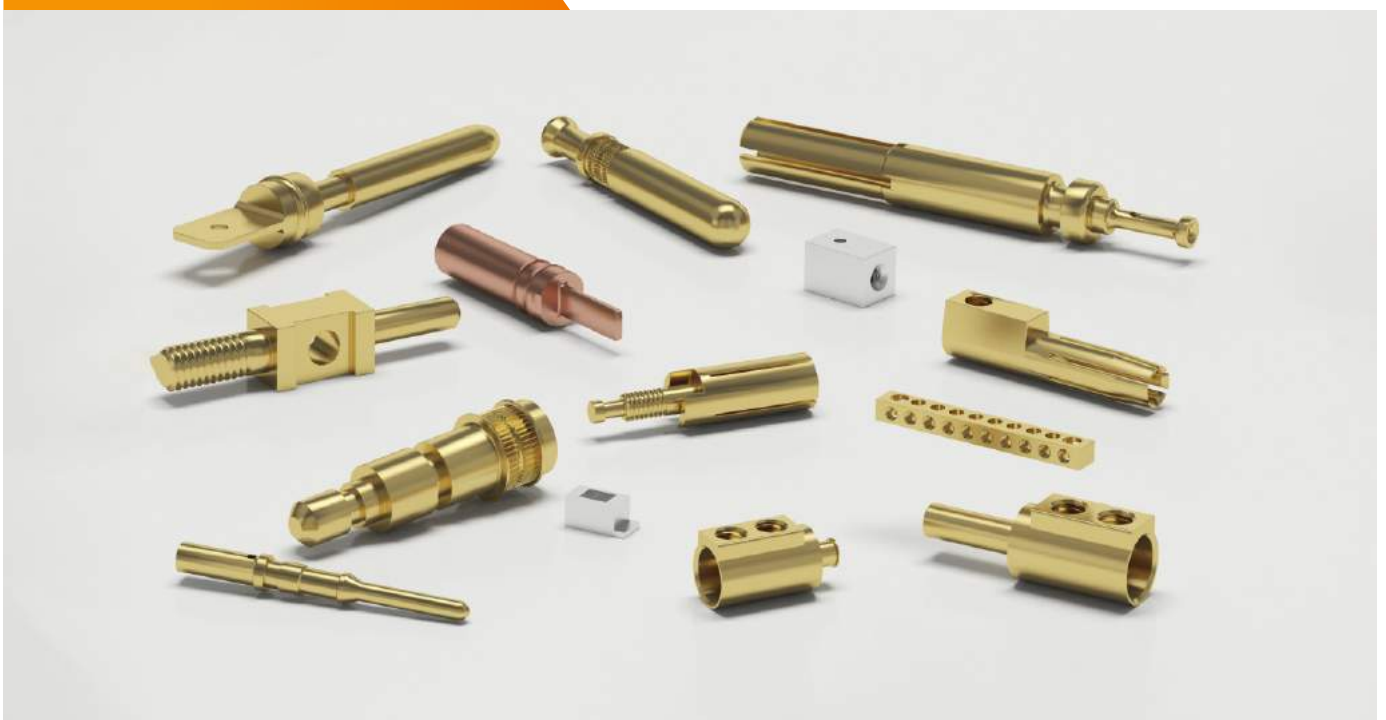

12 years of experience in the industry has enabled us to gain information in relation to the market demand and put in all our efforts in providing our clients with an array of innovative products. Owing to this reason, we are able to manufacture a quality range of Customized Metal Components, which is also supplied by us. All the quality products manufactured by us are appreciated by the clients for durability, ease of handling, cost-effectiveness, and corrosion resistance. We offer our clients cost-effective Shredder Types, Precision Parts, Fitting Parts, Fasteners, Electrical Parts, and many more. Further, these products are manufactured in accordance with the prevailing industry standards and interim requirements of the clients.

We are climbing the ladder of success with each step enabling us to strengthen our market base and providing us with an opportunity to paint a distinct image in the market. This has enabled our organization to carve a niche for itself by delivering products, which are high on quality quotient. The quality quotient is maintained by undertaking the production of the products at our state-of-the-art facility under the guidance of the experts. All the high-performance products produced by us are checked on various quality parameters to ensure these are at par with the set quality standards. Owing to these factors, we have been able to muster a huge client base across the world.
